

Europal – Production Planner

Production Planner

We are looking for a driven and analytical **Production Planner** to coordinate and streamline our production process. In this role, you will ensure that production activities run efficiently and that we consistently meet customer demand.

Your Responsibilities:

- **Production Planning & Coordination:** You create detailed production plans and align them with production teams to ensure smooth and efficient operations.
- **Inventory Management & Optimization:** You monitor stock levels, anticipate shortages and surpluses, and implement improvements in inventory management.
- **Internal Collaboration:** You work closely with Production, Supply Chain, and other teams to ensure seamless execution of planning.
- **Quality Monitoring & Efficiency:** You track production performance, analyze processes, and implement optimizations where possible.
- **Data Analysis & Reporting:** You analyze production data, identify trends, and develop strategies for continuous improvement.

Why Are You Our New Power Player?

- With your Bachelor's degree in logistics, supply chain, or a technical field, along with experience in production planning or supply chain management, you know how to ensure smooth and efficient planning.
- You have strong analytical skills and can translate complex data into concrete action points.
- Language skills are an asset: you are fluent in Dutch and can also communicate well in French and English.
- You have excellent communication skills and the ability to prioritize in a dynamic environment.
- You work precisely and structured, with a strong focus on efficiency and results.

What's in it for you?

- At our dynamic family-owned company, you can truly make an impact, and your contributions will be visible. Thanks to short decision-making lines and a flat organizational structure, you have the autonomy to work independently and take responsibility.
- 'One team' is our guiding principle.
- 'Sustainability' is at the heart of everything we do, and we strive to offer our customers the best total solutions. This is only possible with our Power Players (like you!) on board.
- We offer a competitive salary package tailored to you, including a wide range of benefits such as a group insurance plan, meal vouchers, a laptop, and a mobile phone.
- Flexibility is key: we expect it from you, and we provide it in return. You can work flexible hours and one day per week from home.

- We are an innovative company that continues to grow, and our new state-of-the-art factory in Blandain is proof of that.
- With pride, we promise to offer 4 hours of training per employee per month. Additionally, we are launching our Europol Academy soon, which will become the learning hub of our company.
- An exciting role in a growing and innovative company.
- A warm and inclusive work environment where teamwork is central.

Are you ready to join our team? Apply now and strengthen Europol!
