

Europal – Purchasing Officer

Purchasing Officer

We are looking for a driven and detail-oriented Purchasing Officer to strengthen and optimize our procurement process. In this role, you will work closely with the Purchase Manager and various internal teams to ensure the quality and availability of our raw materials and products.

Your responsibilities:

- **Supplier Management & Negotiation:** You build strong relationships with suppliers and negotiate the best terms to ensure the continuity and quality of our purchases.
- **Procurement Process & Orders:** You place and follow up on purchase orders, monitor delivery times, and ensure an efficient procurement process.
- **Price Management & Market Analysis:** You keep price lists and master data up to date and analyze market trends to support strategic purchasing decisions.
- **Internal Collaboration:** You work closely with Finance, Costing, Planning, IT, Production, and Logistics to optimize the entire supply chain.
- **Process Optimization:** You proactively identify improvements in procurement processes and implement optimizations where possible.

Why are you our new Power Player?

- With your Bachelor's degree in economics, logistics, or a technical field and solid experience (at least 3-5 years) in a procurement role, you know exactly how to elevate supplier relationships and contract negotiations to the next level.
- You have strong analytical skills and can translate data into strategic purchasing decisions.
- Language proficiency is a must: you are fluent in Dutch and French and have a good command of English.
- You are an independent and proactive professional who can switch quickly, set priorities, and solve problems efficiently.
- You work with precision and structure, with a keen eye for detail and a strong focus on results.

What's in it for you?

- In our dynamic family business, you can truly make a difference and see the impact of your work. Thanks to short communication lines and a flat hierarchy, you will have the opportunity to work independently and take on responsibility.
- 'One team' is the common thread throughout our activities.
- 'Sustainability' is at the heart of everything we do, and we strive to offer our customers the best total solutions. We can only achieve this with our Power Players (like you!) on board.
- We offer a competitive salary package tailored to you, including a wide range of extra-legal benefits such as a group insurance, meal vouchers, a laptop, and a mobile phone.
- Flexibility is key: we expect it from you, but we also provide it. You can work flexible hours and one day per

week from home.

- We are an innovative and growing company, and our new state-of-the-art factory in Blandain proves it.
- With pride, we guarantee 4 hours of training per person per month. Additionally, we are launching our Europol Academy, which will become the leading learning hub within our company.
- A challenging role in a growing and innovative company.
- A warm and inclusive work environment where teamwork is central.
